## **Program**

**18<sup>th</sup> July 2011 David Brockman – Shelter Box.**

### **Reports**

1. The Funeral for the late Murray Hamilton , a charter member of this club , is at 10.00an Tuesday 12 July – Pinnaroo Cemetery.
2. Many Rotarians are away, so every effort to attend meetings over the next few weeks would be appreciated.
3. **Treasurer.** Annual Subs will remain at5b \$250. District fees have increased, RDU subs have remained the same and RI dues are yet to be received.
4. **Club Service.** Laurie has extended an invitation to our meeting 25 July. This meeting is now a Partners Night in order to welcome the two new exchange students as well as Ryan Turner, our nomination for National Youth Science Forum.
5. **New Generations.** Olivier has arrived safely after being delayed in Singapore which in turn caused him to miss his connecting flight from London to Brussels. Mention has been made of the arrival of our two exchange students, and also Ryan Turner who will be attending the District Interviews for National Youth Science Forum on Saturday 30 July.
6. **Publicity.** Ian will be making enquiries as the photo taken of the football jumper presentation. Ian has also called for recommendations for Guest Speakers. If any member is aware of good Guest Speakers other clubs have had, he would be interested to know.
7. **International.** Debbie will be travelling to Bangkok in a couple of weeks time and will be checking out the hotel recommended for us to use for the World Conference in May next year. We will possibly be travelling to and from t he conference by boat.
8. **Wishing Well.** Is anyone available for cleaning duties on Thursday, 8.30/9.00am?
9. **Raffle Winners.** Paul Conti and Neil Cook.
10. **Guest Speaker next week.** David Brockman – Shelter Box.
11. **Guest Speaker this week. Dr Lucy Wilkinson** Chiropractic Medicine

**The Bulletin editor was away and as such appreciates the notes taken by Rotarian Norm deGrussa .As I wasn't present to hear Dr Lucy speak , I have copied an extract from the Web site pertaining to Hillarys Chiropractic for your reading pleasure. .**

## Dr Lucy Wilkinson

My first Chiropractic experience was of my little brother being adjusted – what an experience, I was totally amazed and ever since then Chiropractic had been part of my life. Whether it was as a patient as child myself and later as an adult it was something that held a very special place in my life.

Now on the other side of the table I get to see the role that Chiropractic plays in other peoples' lives. Not just being the “mechanic” but by looking after the whole person, - adjusting the whole body, I see the positive impact it has on a daily basis. My focus is on the whole body, looking at the preventative approach to health not just the reactive. Helping others reach their health potential. So now my family all receive preventative Chiropractic care. They all lead active lifestyles and it benefits them in all aspects of their health.

In 2004 along with Dr Pam we opened Hillarys Chiropractic. Our practice prides itself in the health and well being of all that walk through its doors. I suppose while I started out as a High school science teacher I'm still teaching, now my office is my classroom and my students are now my patients.

Welcome to Hillarys Chiropractic. We are a team of highly specialised chiropractors whose goal is to ensure you receive the highest quality service and standard of delivery benefitting you not only physically, but emotionally as well.

We have over 20 years experience treating many different people from all walks of life in the Perth community.

We pride ourselves on treating you as an individual, taking the time to be thorough and empathetic to your particular problem.

Peter Miskelly offered the vote of thanks.

"Musica delenit bestiam feram." (Music soothes the savage beast.)

"Amor vincit omnia" (love conquers all)

"Sit vis vobiscum." (May the Force be with you.)

"Veni, Vidi, volo in domum redire." (I came, I saw, I want to go home.)

"Propino tibi salutem!" (Cheers!)

"non scholae sed vitae discimus" (we learn not for school, but for life)

"non omnia possumus omnes" (We all cannot do everything. (As Virgil explains in the Aeneid, no one has expertise in all fields.) )

"ascendo tuum" (Up yours)

"Semper Letteris Mandate" (Always get it in writing!)

"Aquila non copit murem" (the eagle does not catch the mouse, "don't sweat the small things")

"Vultur non capit muscam!" (The eagle does not catch flies)

"Philosophum non facit barba!" (The beard does not define a philosopher)

"quasi" (as if)
