OUR OBJECTIVES

The object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

First.

The development of acquaintance as an opportunity for service;

Second.

High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

Third.

The application of the ideal of service in each Rotarian's personal, business and community life;

Fourth.

The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

The RI Board has agreed that the four explanatory statements in the Object of Rotary are of great and equal significance and are actions that must be taken simultaneously.

Mission of Rotary International

The mission of Rotary International, a worldwide association of Rotary clubs, is to provide service to others, promote high ethical standards, and advance world understanding, goodwill, and peace through its fellowship of business, professional, and community leaders.

Now summarised as

"Doing good in the world"

OUR HERITAGE

The Rotary Club of Glenelg was formed by the Rotary Club of Adelaide in 1952 and has always been recognised as one of the leading Clubs in, firstly District 952, and later in District 9520. This recognition goes beyond our excellent record of service and high level of fellowship, to the professional manner in which our Club performs its day to day operations in terms of Rotary's rules and procedures.

The Rotary Club of Glenelg has completed numerous, very worthwhile community projects. Two of the largest were undertaken in the early days of the Club. They were the major role our Club played in the building of the Senior Citizen Clubrooms (now Glenelg Community Centre) in Colley Terrace in 1964, followed three years later by our building of the Glenelg Meals on Wheels kitchen.

Since the Club was chartered, a number of Glenelg Rotarians have played important roles in Rotary at District level and beyond. The Club has provided the District with a number of Governors namely Terry Edwards, the late Bill Rufus, the late John Hardy and Geoff Norman. Glenys Fereday in 2003 was appointed the District's first female Assistant Governor. Terry Edwards AM stands out as one of a number of Glenelg Rotarians who have given exemplary service at District and International level.

Over the years, the Club has played an active role in many international projects. Our club was a major contributor to Polio Plus with Jim Chantrell heading our District's effort in this, the largest single project undertaken by Rotary International. In the area of RAWCS a number of members have travelled overseas to assist with projects in New Guinea and the Pacific area. The late Ivor Lewis led F.A.I.M. teams on no less than eight occasions. The late Bill Rufus, as well as going overseas, was actively involved as a leader in that organisation. Geoff Norman has also been overseas as an organiser. Rod Goldsworthy went to New Guinea in 2000 to complete the building of a School Library.

The club has been active in initiating other major overseas aid projects where Rotary Foundation "matching grants" have been obtained. Rex Sweatman's expertise in drawing up submissions for financial assistance has been invaluable in this area. Our first matching grant project was the equipping of an operating theatre at the Patni Hospital in Karachi, Pakistan in conjunction with the Rotary Club of Karachi - SITE. Four other matching grant projects have been successfully completed. 2004-05 saw a toilet block and rain water catchment system in the Dova Primary School in Tanzania be officially accepted for a grant from the Rotary Foundation. PP David Binks' daughter Kathy found the need for this project when she was a volunteer for 6 months in Tanzania.

Student Exchange is another area in which our Club has been very active over the years having hosted and sent away a total of 92 students. Our involvement commenced in 1967 and has continued almost uninterrupted until the present time apart from a break from 1990 to 1994. David Binks, District Youth Exchange Chairman 2002 - 05 was instrumental during 2005 at the request of all Australian Rotary Districts in producing national policies and procedures to keep Rotary exchange students safe from harassment and abuse.

Fundraising to finance the club's community and overseas projects has come from many activities, but for some fifteen years after 1995 the club's major source of income was the sale of Rotary Christmas cakes and puddings in Districts 9500 and 9520. In 2000 Glenelg Rotary commenced an annual art exhibition and in 2009 a major upgrading of this exhibition has seen it grow to be a significant fund raiser as well as being of benefit to the community.

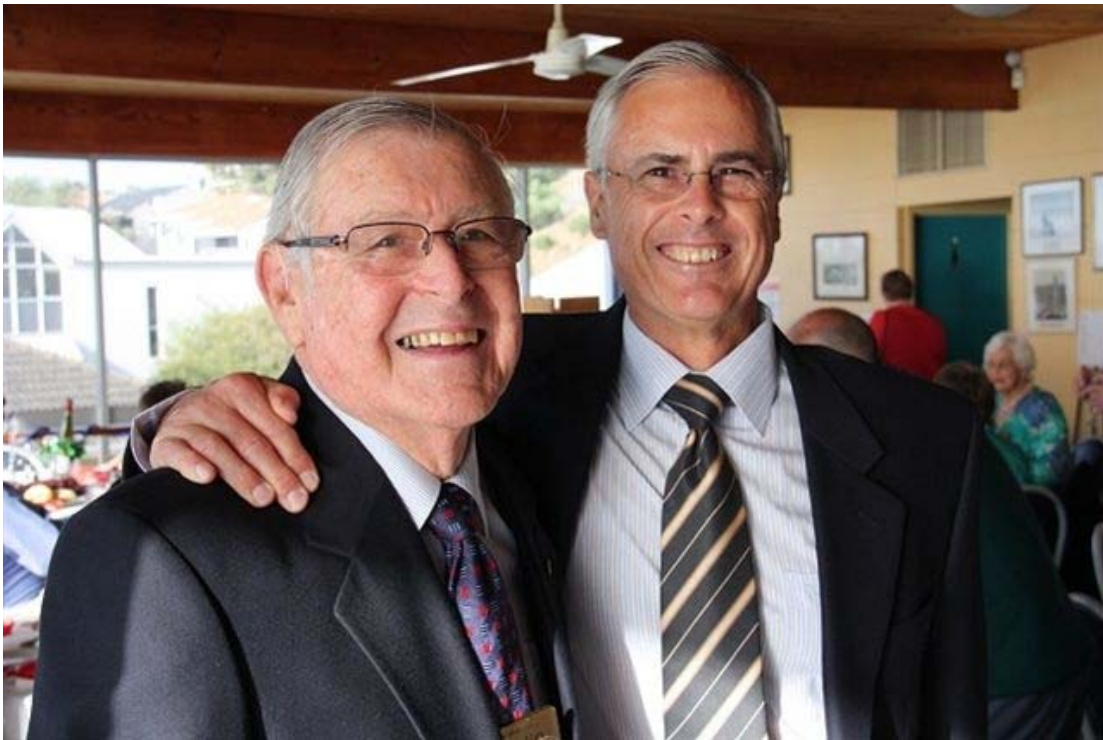

OUR HERITAGE Continued

Since the inception of Australian Rotary Health, our club has been one of its strong supporters. We in conjunction with Holdfast Bay Rotary Club have organised a number of "Breakfasts on the Pat" to publicise the great work Rotary Health does and raise funds to support it. The decision to make this an annual event was made in 2010.

In 2002 to celebrate 50 years of service to the community and to ensure that former deeds are not forgotten, the Club produced a 50 Year History Book.

In 2008 P.P. Jim Emery commenced compiling a data base listing the details of past exchange students and other young people involved in our Rotary club programs. These alumni now enthusiastically participate in some club events and programs.

During the nineties and early part of the new century, Glenelg Rotary Club experienced, like many other clubs, a shrinking and aging of membership. A concerted effort toward the end of the first decade of 2000 has seen a revitalisation of the club. Although age and its associated problems continue to result in membership loss, a number of new enthusiastic members were inducted and our net membership slowly increased. A new fundraising venture, the "Coles Sausage Sizzle" commenced in 2009-10 and this together with the expanded art exhibition income saw a jump in total distributable income in following years. The spirit and management of the club is strong. In the years to come, it is expected with continued hard work our club will maintain a leading position in District 9520.

Colin Steele our longest serving member celebrates 50 years of service to Glenelg Rotary Club at our Christmas Dinner where he was presented with a Paul Harris Sapphire by District Governor Malcolm Lindquist. Colin is pictured at the dinner with his son Ian.

PRESIDENT'S REPORT 2010-2011

Building Communities Bridging Continents

The year started off with a new venue for our changeover dinner, the Brighton Surf Club. This venue proved to be a great success and the evening was well attended by Glenelg Rotarians and guests. Special guests on the night included our district governor Malcolm Lindquist and his wife Antoinette, past district governor Peter Shipp and his wife Judy, Member for Morphett Duncan McFetridge and the mayor and mayoress of Brighton, Ken and Anne Rollond. Also joining us on the night were incoming presidents from our neighbouring clubs from Group 8.

President Paul's induction

Although this was my second time as president, the excitement and honour was still there, as was the challenge. The board had some new members and others were continuing on into their second year. The program was set, now was the time to implement the new ideas. One of the first changes was to eliminate the singing of the National Anthem at our weekly meetings, replacing it with the Four Way Test. Another was to have a club night on the second Wednesday of each month for Committee meetings.

As in previous years, the year started off very quickly with the organising of the art show. This was well supported by all club members, who enthusiastically attended to all the tasks they were given. Special thanks must go to Tony Colliver, David Binks, Peter Heysen, Paul Verbeeck and Jim Emery. Thanks also to Doug Reiners for organising the catering and to the many partners who provided sumptuous nibbles to accompany the wine for the exhibition opening. Denny Colliver supplied lunches and snacks for the workers during the week.

Fellowship and Fundraising has always been an integral part of the Glenelg Club's culture. A great night of fellowship and post-Christmas cheer was had at Annie and Paul Dale's. Many thanks to Paul and Annie for allowing us to use their home for our first meeting in the New Year. It is somewhat hard to distinguish between what is fellowship and what is Community Service. Our two directors of the respective committees David Binks and Glenys Fereday worked well together in organising their respective events.

Breakfast on the Pat was a good example of all members being involved. The members of the club always seem to make great fellowship out of any fundraising we attempt. This year we have been very fortunate to have had a good continuous supply of funds from some simple but tried and true fundraisers such as the Coles BBQ and the car parking at the Brighton Football Club. Our usual ongoing Cakes and Puds sales and the Art Show also made a considerable contribution to the coffers. Thanks go to Wayne Sachs, Brian King, Doug Reiners and all their helpers for contributing time and effort to make these fundraising events successful.

The fellowship in the club this year has been excellent. Although weekly meeting attendance was down and guest speakers a bit light on, the meetings on a whole were great. All external fellowship and vocational events were well attended.

PRESIDENT'S REPORT Continued

Membership has come under some stress with long serving Rotarians taking extended breaks (well deserved) and others moving interstate and to country S.A. To those members we wish them well and we would welcome them back if their circumstances change. On a more positive note we were privileged to welcome a transfer from the U.S.A., Connie Hartley to our club. Although only being with the club a short time she has put her hand up to be on the board for next year.

Again, Youth, under the directorship of Tony Colliver ran like clockwork. We have had a wonderful student in Irene Hartl from Austria who has been well counselled by Tony. Our outbound student Julia Kosonen who has been looked after by David Binks is having a "ball" and doing the Glenelg Club and Rotary proud. Finding students to be involved in other parts of youth, RYLA, RYPEN etc. is proving more challenging. Without the support of interested teachers in schools, finding students for these projects is difficult.

Some of the crowd at Breakfast on the Pat

Our International Committee was well led by Jim Emery, who continued on with some of our long term overseas commitments. Jim in conjunction with Rotary Clubs of Brighton and Somerton Park ventured on a major commitment to supply medical equipment to Wampare in Papua New Guinea.

Although not all goals were met, we were able to do our Visioning Program for the next five years. Our constitution and bylaws were revised to bring them up to date, an onerous job that had to be done! Thanks to Geoff Norman and David Binks.

Paul Verbeeck has performed a great service to the club as he has taken on the role of treasurer. Finalising our GST problem and setting up a new ledger system whereby directors can see how their committees are making their money and spending it, has been a very worthwhile exercise.

The Club trip this year was to the Clare Valley. Although only a small group, we thoroughly enjoyed the program mapped out by David and Pam Binks. Food, wine, more food and more wine, then happy hour back at our rooms. Thanks again to those who attended.

Receiving our Presidential Citation from
District Governor Malcolm Lindquist

PRESIDENT'S REPORT *Continued*

I won't try to cover all the workings of the club. Please take the time and read the directors' reports. Mention must be made of our weekly sergeants who were well led by Wayne Dyson. They have kept the meetings well organised and on time and their fine sessions have been amusing. We must thank James Hooftallen for offering to print and distribute our weekly bulletin and Wayne for his editorials and photos. Public Relations were looked after by Peter Heysen who continued on his good work in keeping Rotary in the public eye. Our board minutes were capably kept by Jenny Dowdy (our official dessert supplier) and Peter Corbett, our secretary, had the tireless job of handling the paperwork. Thank you to Jenny and Peter.

I am pleased to announce the awarding from Rotary International of a Presidential Citation from R.I President Ray Klinginsmith to the Rotary Club of Glenelg for meeting Rotary goals and objectives.

In conclusion I would like to thank the Board and the members of the Rotary Club of Glenelg for a job well done.

As Club Service Director and president elect, Wayne has done an outstanding job. I am confident that our Club will be in good hands with Wayne and his new board. I wish Wayne and the new Board for 2011/12 all the best for the year "Reach Within to Embrace Humanity."

Paul Hoskins
President

Cooking the BBQ for Tony and Denny's Bonfire night

CLUB ADMINISTRATION REPORT

Apologies and Attendance

I have placed reminder notices in each issue of the Bulletin and most members have called in apologies. Others have used the club list posted at the attendance table each week to advise absences. Members requiring extended leave have all applied to the Board in the appropriate manner. We have 7 exempt attendee members. There is still a need for vigilance on the part of all members to advise if absent for a meeting. Peter Corbett our secretary has kept the club's reporting of attendance up-to-date with the District

The Bay Function Centre Arrangements

Meal prices have remained the same during the year and members have come to terms with the wine cost increase from last year. The meals provided at the start of the year were inconsistent in size and quality however thanks to the involvement of our valuable waitress Annabel this is no longer the case. We now receive a variety of quality meals each week. A special thanks to Annabel and the chef. It should also be noted that our meals have been supplemented each week with outstanding cakes and slices generously provided by club member Jennifer Dowdy. Members look forward to each week's special and would wish me to acknowledge and thank her for providing them.

The average weekly attendance has been between 20 and 25 and this has meant that on numerous occasions we have failed to reach the 25 attendees required to cover the cost of room hire, raffle and meals for speakers and our exchange student. The additional costs have had to come from the club administration account. The Board will need to look at this issue when determining fees for the coming year. We have a good relationship with the Centre who has allowed us to use larger rooms when necessary. We have an outstanding drinks and meals waitress in Annabel.

Bulletin

This year the bulletin was been managed by Terry Edwards for the first part of the year and Wayne Sachs for the latter part. I wish to thank Terry for the outstanding work he did over many years to ensure the Bulletin was published and distributed to all members in a timely manner. Since taking over the Bulletin I have received invaluable support from James Hooftallen and his staff at Quick Art Printing. In particular I must acknowledge Denise Khoury for her work in redesigning the Bulletin, then composing each week's issue from the material I send her and E mailing it to members.

Rotary Health "HATS DAY" was supported with a wonderful array of hats

CLUB ADMINISTRATION REPORT Continued

Guest Speakers

James Hoofallen and I have managed the guest speaker roster and it has been increasingly difficult to arrange the required number of speakers needed. Those we had have been outstanding and have covered a wide range of topics. In order to improve membership and attendance the attraction of quality speakers needs to be a priority for the Club Administrator with the support of members. I feel it will be important to utilise the resources of the other Group 8 clubs and have some combined functions similar to that provided by Marion club with their visit to the Hindu Temple this year. The importance of having stimulating speakers cannot be left to one individual.

Dancers entertain us during the Temple Visit

Guest Speaker Duncan McFetridge at 3000th Meeting

Meals on Wheels

Club members have provided valuable support in the Glenelg area. Paul Dale has been able to maintain the roster for our members.

Rosters

A regular system of rosters was maintained throughout the year and I thank all those club members who assisted as attendance recorders, preparation, reception, hosts and Sergeants.

Rotary information

The Board made a decision not to have Rotary Information spots during general meetings. It was decided that relevant information would be reported by the President and if necessary included in the Bulletin. Paul successfully kept membership informed through his President Spot at all meetings. I feel more use can be made of the Bulletin to make members aware of new and interesting topics, stories and the history of Rotary.

Sergeants

Thanks to Wayne Dyson for preparing the Sergeants' rosters. The team of sergeants have kept meetings flowing smoothly and to time and the fine sessions have been creative, humorous and rewarding. Members have supported St Jude's School in Tanzania through their weekly donations to "Piggy".

General

Throughout the year our club meetings have maintained a high level of goodwill, fellowship and friendship. Visitors acknowledge the "good feeling" within the club. This has also been evident by the increased commitment to and involvement in our club's social and fundraising activities.

Wayne Sachs
Director

ROTARY PUBLIC RELATIONS REPORT

Committee Members for 2010/11 were Peter Heysen, Chairman, Doug Reiners, Brian King and Paul Dale. During this Rotary year we met monthly at the Club rooms. Our main thrust was to increase public awareness of our Rotary Club, to try to get as much publicity as possible and to plan for the future.

We maintained the Rotary bookmarks, the stickers for magazines and the Rotary Visiting Cards which James Hooftallen printed for the Club for no cost. Thank you James!

Publicity as always is difficult but we have managed to get some coverage in the local press.

We have been investigating how we can use the new social network phenomenon to benefit the club. Brian King has been investigating how we can use "Face Book" and "U-Tube" to help promote our Club to potential new members. We have also thought that we could as a club run "Community Forums" on challenging local issues which could expose us to potential members and raise our profile in the community.

This year's Rotary committee recommends to next year's committee that they raise the funds to purchase a demonstration "Shelter Box" to be displayed at club functions and in such places as Jetty Road on a regular basis to stimulate interest in the club and endeavour to recruit members or at least Friends of Rotary.

Friend of Glenelg Rotary Kerry Erasmus successfully promoting our Egg & Bacon Sandwiches at the Brighton Jetty Swim

MEMBERSHIP REPORT

The timely arrival on our shores of Connie Hartley from Maine, USA, has saved me from the acute embarrassment of filing a NIL return in new membership for our year just past. Connie is an experienced Rotarian and anecdotal evidence from the recent Waikerie Assembly suggests that she has much to offer. Bright ideas are always in vogue and we wish Connie and family here with her an enjoyable and illuminating stay. NB. Govt spin doctors would say that our Induction Programme this year was 100% female.

You are aware, our club, through Wayne Sachs has asked to be included in a possible programme which will allow us more flexibility in how we operate. At time of writing we have had no response, but be assured we have several strategies in mind to boost our Membership stocks.

The material coming from Canberra on a monthly basis covering both Membership and Promotion, gives a guide to how concerned Rotary International is over downward trends in many districts. The material is largely positive, however, but does indicate a loosening up, if you will, on previously strict requirements. Extracts follow, in roughly chronological order, from over the last few months:

Kerry Kornhauser, PE, Rotary Club of Albert Park - Getting Women On Board

‘And, just as has long been recognised in the world of advertising and marketing for commercial products, recruitment campaigns and material also needs to be targeted towards those it is trying to reach - insofar as Rotary needs to attract more women, their recruitment material must reflect this.’

‘For example, ...women are more likely to volunteer to explore their own strengths, whereas men are more likely to volunteer to use their skills and experience.’

Noel Trevaskis, Chairman Australian Rotary Health - An Opportunity Too Good To Believe

- ‘So how do we get women to ask women to join Rotary?’
- One way is the following:
- Organise a cocktail party on a night other than the Rotary Club meeting.
- Identify all the potential women Rotarians in your area.
- Send personal invitations to the Rotary Information/Cocktail Party
- Include in the information the time that the night will conclude, (allow a maximum of 90 minutes.
- List the women who are going to be present.
- Follow up the invitations with a personal phone call three or four days after the invitation has been posted, the phone call should be before the RSVP date.’

The presenters should all be women and we have several inspiring role models available.

Megan Ferringer RI News April 2011 - Rotary Clubs Make Changes To attract Younger Members

‘...Younger Rotarians usually have more time than cash at their disposal...so they tend to contribute by volunteering.’

‘The Rotary Club of Las Vegas, Nevada has created the 25 Club, a club -within-a -club. The members hold additional meetings, sponsor regular social gatherings, and carry out a number of service projects. The inductees are generally younger, and, after a year, they transition into the parent club.’

MEMBERSHIP REPORT Continued

Noel Trevaskis - 'Men - Another Opportunity'

'....Men who are in the 50 year to 69 year age bracket are possibly the best age bracket to target as potential members of Rotary. Why? Most of them have reached that point in their life where they are financially stable and their careers or businesses are well established. Their children have more than likely finished school and have completed college or university. A lot of them are coming to a time of their life where they do have the time to join a service club and be involved in their community.'

Roy Tenucci, Rotary Coordinator, Zone 31 - 'Three Key Questions for Every Club'

What would your community look like without your Rotary club?

What are your members passionate about?

How can your community benefit most from your club?

Stuart Heal RI Director - 'Changing Culture'

'... the day of attendance is over, it is time to measure service. Most Rotarians join the organisation to give service; service is Rotary. But we measure performance by attendance at weekly meetings - all are encouraged to discuss how we can do this in our clubs.'

The word "club" is outdated, young people no longer join clubs: they join causes. To attract young people we need to market the brand 'Rotary' and then invite people to our cause.'

These are extracts from recent articles. They have been coming thick and fast this year and there is no sign of their stopping. Within the complete texts of the articles is a wealth of information. My extracts are just a taster.

Bob Dylan was right. 'The times they are a'changing' and we have the capability to make the most of it.

In closing I would like to thank the committee for their involvement and support and we wish the new committee every success.

Bob Hocking
Director

Enthusiastic new member Connie Hartley and her partner Larry at her induction

THE ROTARY FOUNDATION REPORT

With the troubles associated with the Centurion Foundation now behind the district, our club contributions to this programme and to the Rotary Foundation have made steady progress throughout the year.

Twenty-six members or persons associated with members contributed to the Centurion Programme and received appropriate recognition. Membership Certificates will not be issued for pledges that have been renewed but will be issued to new contributors.

A seminar for club presidents and club Foundation Chairs was held at Pulteney Grammar School in August 2010. Delegates were given updated information regarding the Foundation and availability of grants and projects.

District Governor Malcolm Lindquist, while visiting our club in October emphasized the importance of the Foundation and Centurion programmes to Rotary International through its community service program as well as local Rotary clubs such as Glenelg.

At the District Assembly in Waikerie in May 2011 the future of the Foundation and the Centurion program was highlighted with emphasis on raising funds and the benefits of becoming involved with the projects and grants schemes. With our club perhaps being in a stronger financial position compared with recent years, we could be in a position to consider developing programmes that could attract Foundation approved subsidies.

At the last board meeting for 2010/2011 our board approved payment of a further two thousand dollars to the Rotary Foundation and a pledge of support to the Centurion programme to the extent of reaching 100% membership within our club.

Thanks to my fellow Rotarians for their support during the year and to Sandy Sudaj for the great work last year and starting this year off for us.

Allan Scott
Chairperson

Some members of next year's Board chatting at the Waikerie District Conference

FELLOWSHIP AND FUNDRAISING REPORT

Changeover Dinner

The new Brighton Lifesavers Club proved to be an excellent venue for our changeover dinner where we celebrated David Binks' two years as president and inducted Paul Hoskins as president for the year 2010-11. A large crowd attended including DG Malcolm Lindquist, Past DG Dick Cuttle and Past DG Peter Shipp. Also present were a group of our past Rotary students and some of our past members. The meal and fellowship were excellent and everyone had a great evening.

Tony's Bonfire

The BBQ and bonfire at Tony and Denny's farm on the Finniss was again a great success and a wonderful introduction to Australian life for our new Exchange student Irene Hartl from Austria.

District Conference - Bendigo

A small contingent from our club travelled to Bendigo to attend Malcolm Lindquist's conference. It proved to be one of the most successful and enjoyable conferences held in recent years. The keynote speakers were of a very high standard as was the entertainment and the City of Bendigo's hospitality.

DG Malcolm presenting Paul Harris Awards to Ray Neal and Tony Colliver

Christmas Dinner

As with the changeover dinner we tried a new venue for the event, the Brighton and Seacliff Yacht Club. Paul and Jennie Hoskins put a lot of effort into decorating the tables and a very festive atmosphere was created. The event was well attended and GD Malcolm came to present an award to our member of longest standing, Colin Steele to celebrate his fiftieth anniversary as a member of Glenelg Rotary Club.

Club Members enjoying Christmas Dinner at Brighton & Seacliff Yacht Club

FELLOWSHIP AND FUNDRAISING REPORT *Continued*

New Year BBQ

As in previous years we had our first meeting back after the Christmas break as an informal BBQ evening at one of our member's homes. This time it was held in Paul and Annie Dale's beautiful home and garden in North Brighton. Annie has a long standing reputation for organising a wonderful spread of food, but this time she excelled herself. She provided an almost unbelievable meal. Everyone enjoyed the evening despite gaining an extra couple of waistline inches.

Everyone enjoyed the garden party at Paul and Annie Dale's home

Our 3,000th Meeting

This meeting was celebrated by holding a joint meeting with all of the Group 8 clubs in the large dining room at the Glenelg Function Centre. DG Malcolm attended and congratulated the club on achieving this significant milestone. Member for Morphett, Duncan McFetridge, was guest speaker and spoke on the invaluable role volunteer organisations and particularly Rotary play in the community.

Club Trip Away

This year we planned a trip to the Clare Valley. Although not a large number of members

attended, those that came thoroughly enjoyed the three days spent in the area. The Clare Valley has to be one of the most picturesque areas in South Australia. The hilly terrain still covered y large areas of gum trees, together with ample rain fall create a beautiful setting for the many lovely historic buildings in the area. We visited, tasted wines and lunched at Skillogalee and Platform wines. Visited Martindale Hall, ate dinner at the very old Magpie and Stump Hotel as well as walking, visiting museums, etc. This was a very pleasant relaxing weekend.

A great lunch at Skillogalee Winery on the Clare Trip

FELLOWSHIP AND FUNDRAISING REPORT Continued

DG Malcolm, Jenny and Paul with brilliant Keynote Speaker Ilyasi Siraji at the Bendigo Conference

Guess Who's coming to Dinner

This ever popular event was held in May and proved to be even more popular than last year with thirty some Rotarians and partners eating in five of our members homes. It was an event everyone attending enjoyed and proved a good opportunity to better get to know particularly newer members. My thanks to Maxine Spencer for again organising the smooth running of the event.

David Binks
Director

Irene at Tony's Bonfire

FELLOWSHIP AND FUNDRAISING - ART EXHIBITION SUBCOMMITTEE

We again had an excellent show with a good range of paintings and artists. We keep learning and improving from our previous efforts.

We did not have as many artists or paintings as the previous year and as a result the presentation of the art was more spacious and effective.

There were 172 artists, 503 paintings and 36 sales compared to the previous year of 224, 691 and 47.

The success of the show is due to us having a good venue with convenient parking at the Brighton Secondary School and the wholehearted support of all Club members. We had to be very organised as the amount of paperwork is quite large and the input of data to this paperwork took considerable dedication. David Binks, Paul Verbeeck and Bruce Craven must be acknowledged for their input.

The layout of the school hall was revised to be able to exhibit the increase in paintings and paintings were located in the foyer, main hall and the stage. We hired all useable frames from the Rotary Club of Flagstaff Hill and made up the extra area with our own frames. The lighting was improved again as a result of artist comments.

As a result of artist and viewer comments the layout and lighting of the foyer was revised and this resulted in improved presentation of the paintings

Although we were again well supported by our sponsors the fewer number of paintings and an increase in costs appreciably reduced our profits, compared with the previous record year, as shown elsewhere in the Club Annual Report.

Although a lot of work was involved the results were satisfying in that we provided a community service to our local artists, had a club project which involved nearly every Club member, involved our student alumni and still raised some funds for use elsewhere.

Chairman Art Exhibition Committee

Trevor Newman at the Art Show with his painting "The Stump Cutter" overall and Peoples' Choice winner.

INTERNATIONAL SERVICE REPORT

Committee: Jim Emery, Jim Chantrell, Dennis Smith, Wayne Sachs, Glenys Fereday (St Jude's contact) David Binks (World Rotary Convention Promotion)

The following activities were undertaken by the International Service Committee during the 2010 - 2011 Rotary Year:-

The School of St Jude's at Arusha in Tanzania, East Africa

Our sponsorship of our teacher Mr Lechine Lukumay (picture shown), has continued and with excellent liaising by our Rotarian Glenys Fereday we have been kept well informed of his activities in the school. A most comprehensive outline of the school and its programmes can be viewed at <http://www.schoolofstjude.co.tz/>.

A donation of \$1,000 has been sent to St Judes. This is in excess of the required sponsorship amount (\$660). The extra money we have given is always gratefully acknowledged by St Judes and put to good use within the school.

Group Study Exchange

To date there has not been an opportunity in this year to offer our involvement in this programme.

Orphanage in Pavlodar, North Kazakhstan

We received an update from Kristen when she attended our meeting. Her mother, Susan Rodgers, was guest speaker to the club on the 20th April. Kristen reported that all is not as well in that country as could be hoped due to the Kazakhstan Government's fear of outside involvement in volunteering programmes. This is a cultural issue but Kristen continues to maintain contact with the orphanage as best she can and we trust she will continue to keep us informed. There was no direct cost to the club in this Rotary year.

GRC Student Alumni

Whenever details of students are provided, information has been added to the master list as appropriate.

Other charitable causes.

A donation of \$500 was made to Rotary Oceania Medical Aid for Children. Details of this programme are shown extensively on the website <http://www.romac.org.au/>

Medical equipment for Wampare in Papua New Guinea.

This project coordinated by the Brighton Rotary Club involved sending equipment to the Wampare medical facility in Papua New Guinea. An estimate of our share of this project was \$2,500. Our Board approved the payment of up to this amount and any adjustments to this estimate will be dealt with when the Brighton Rotary Club has received all final invoices. A statement of costs incurred in this project has been recently provided by the Brighton Rotary Club and indicates that the expenditure will be significantly less than the above estimate.

We have been informed that the container has successfully arrived at the port of Lae in Papua New Guinea and that the Rotary Club of Huon Gulf is now following through with its delivery to Wampare (about 30 Km North of Lae).

INTERNATIONAL SERVICE REPORT Continued

This has been a very rewarding project that involved Brighton Rotary Club, Glenelg Rotary Club (GRC) and Somerton Rotary Club in co-operation. Our hands-on activity to load the container at the Rotary Donations in Kind site at Salisbury extended over a number of months at weekends with about 40 hours of GRC member's time being spent collecting items and loading the 13 meter shipping container.

Bali for Kids

The Board has approved a donation of \$1,000 as an initial approach to supporting this organisation in Bali, Indonesia. From further contact with the orphanage through Brenton Whittaker in Bali we may be able to find an appropriate Rotary club in Bali with whom we can begin to organize a Rotary International matching grant. The activities of the orphanage are comprehensively outlined on their website at www.balikids.org.

Other matters

We have donated \$2,000 for further Shelter Boxes in this year. There has been a greater need for this form of short term disaster relief when extensive earthquake/hurricane occurs unexpectedly in populated areas.

Conclusion

I would like to thank President Paul and the members of my committee for their support throughout this Rotary year and I hope that the International Service group can continue with fellowship and enthusiasm to fulfill the aims of our incoming President Wayne in the new Rotary year.

Jim Emery
Chairman

Ingrid and two of a group of Glenelg Alumni attending the Changeover Dinner

YOUTH PROGRAMS REPORT

It was pleasing to see this year Rotary International officially added New Generations as the fifth avenue of Rotary Service. Programs involving young people have for many years been a major focus of our club's activities. We continue to support Long Term Youth Exchange and have students both inbound and outbound. Our current inbound student is Irene Hartl from Austria and she returns home in July. Our outbound student is Julia Kosonen who left in January to go to Finland. Reports from both students are that they are enjoying their exchange and that there are no problems. It is now confirmed we will have an inbound student this coming year as we have just had two excellent late entry outgoing students apply.

This year we used our alumni list of previous exchange and National Youth Science Forum students to see if any were interested in attending the RYLA camp and have had an expression of interest from Sophie Robertson a previous NYSF student.

We did not have any applicants for this year's NYSF but assisted the Brighton Club by sponsoring one of their 2 successful students. The student sponsored is Maxim Paskalutsa from the Brighton Secondary School.

More effort was put in to promoting University Science Experience this year and we sent 13 students from Brighton Secondary School. This was satisfying as the students attended in their school holidays and had to provide part of the funds themselves.

We did not receive any applications from students to attend the Murray Darling School of Freshwater Research, Health of the River or RYPEN.

The science administrator at Brighton Secondary School was interested in promoting the various events but could not find any students interested. This lack of student interest is something that we and Rotary have to address.

At the Art Show we again offered the art students at Brighton Secondary an opportunity to exhibit their paintings. We did the same for the Youth Choices students at risk. We will do the same again this year and display the student's paintings with all other paintings, not as a school group.

Tony Colliver
Chairman Youth Programs Subcommittee

Ingrid being farewelled by school friends at Adelaide Airport

COMMUNITY SERVICE REPORT

The members of our committee and subcommittees have worked diligently this year with good effect. The Coles Sausage Sizzle has been both a highlight and significant fundraiser. Club volunteers have participated in the 4th and any 5th Saturday of each month, while the 1st, 2nd and 3rd Saturdays are sublet at a fee of \$100 for the set up and use of our equipment to the Soroptimists, Brighton Secondary music school, St Anne's Special School, Broughton Art Society or Watoto Group, thus enabling these organizations to promote their activities and raise funds. Special thanks goes to President Elect Wayne Sachs and his small band of helpers for the consistent chore of setting up and dismantling the cooking facilities. Our regular Rotary volunteers enjoy the fellowship, interaction with the public and opportunity to promote our activities and projects. The Barbecue facility under Wayne's direction has also operated as required at the Brighton Surf Life Saving "Jetty Swim". At the "City Bay Fun Run" we also ran a Sausage Sizzle on behalf of Mutual Health. Thank you to club members and "Friends of Rotary" who have given valuable assistance at these extra events.

Christmas Float in the Glenelg Pageant

Another exercise in Public Relation skills and revenue has been the seasonal sale of tickets under the direction of President Paul at the Brighton Football Club.

The fortnightly Wednesday roster for the Glenelg Meals on Wheels drivers has proceeded smoothly. We did invite Betty Kelly to our 3000th meeting to recognize the work that she does but illness intervened, and so we plan to do this at our changeover. Betty tells us where to go and what to do in the nicest way. She volunteers at the kitchen twice a week and also has the role of a welfare officer.

In the first half of the Rotary year some of our members were involved in the Yellow Brick Road operation at the Royal Adelaide Show, which gave the club \$13 per person per hour.

The Glenelg Christmas Pageant was a great success held on a beautiful day 21st November. Our Christmas float presentation organized by P. P. Tony Colliver and decorated by Denny was a fitting finale to the colourful parade. The float was drawn by a Hamilton Holden vehicle ably driven by P.P. Wayne Dyson. At this time of year we purchased 10 Christmas food hampers from Foodbank at \$46 each and donated them to the welfare kitchen operated by St. Andrews Church, Jetty Rd., Glenelg. They were gratefully received and acknowledged. We also donated \$200 each to the Royal Society of the Blind and the Multiple Sclerosis Society towards the valuable work done by both organizations.

Medic Alert contributions are almost 100% thanks to the efforts of P.P. Peter Heysen. The Entertainment Books are being sold by P.P. Wayne Dyson at a profit of \$13 each. A Vocational Meeting to view the facilities at the new Marion Swim Centre is scheduled for Wednesday 1st June.

It is estimated that by the end of the financial year, the fund raising efforts of the Community Service Committees will exceed \$13,000. Thank you to Committee and all Club members for their enthusiasm and support over the year.

Glenys Fereday
Chairperson

COMMUNITY SERVICE REPORT - Breakfast on the Pat Subcommittee

A group of breakfasters shelter under a palm tree

We hold Breakfast on the Pat around February/March when it is very unlikely we will have bad weather and for years this has worked. 2011 turned out to be the rare occasion when just before the breakfast commenced, it poured with rain. Fortunately the rain did not last long and many of the people coming had already left home, so although attendance was down, it did not make a huge difference.

The breakfast still raised \$3,000 for Rotary Health and the raffle with its proceeds going to the "Australian Flood Appeal" this year netted \$800. As the sun soon came out and everyone dried off, people still enjoyed the breakfast. Holdfast Bay Rotary Club who share the day with us again did a great job cooking the breakfast and our club who served the cereal, fruit, tea and coffee reorganised the serving arrangements, leading to a much smoother flow of customers. Again we got help serving and selling raffle tickets by some of our past students, our own inbound student Irene and Margot and Manon Minck.

DG Malcolm Lindquist addressed the breakfasters as did Dr. Dick Wilson spreading the message about the good work done by Australian Rotary Health. Overall the morning raised a worthwhile amount of money and was excellent publicity for Rotary.

PROVISIONAL FINANCIAL FIGURES - ADDITIONAL DISTRIBUTIONS

Funds Contributed Directly by members to The Rotary Foundation

Some thirty individual members and associated contributed directly to the Centurion Program, these donations are credited to our Club's Foundation contribution but do not go through our bank account.

Approximate Amount \$3,000

Funds Distributed by Other Organisations

Glenelg Rotary Club assists other charitably organisations to raise funds for worthy causes by allowing them to man our BBQ tents and equipments set up by us for the Glenelg Coles Sizzle three Saturdays per month. The organisations involved are

- St Annes Special School
- Brighton Secondary School Music Society
- The Glenelg Soroptimists Club

Collectively these organisations in the 2010-2011 year raised and distributed their profits directly into the local community.

Approximately \$13,000
