Trust you all enjoyed your **Australia Day!** You may care to reflect on whether being Australian is about driving in a German car to an Irish pub for a Belgian beer, then on the way home, grabbing an Indian curry or a Turkish kebab, to sit on Swedish furniture and watch American shows on a Japanese TV. Oh and..... only in Australia can a pizza get to your house faster than an ambulance.

LAST WEEK

The club heard a presentation by relatively new member **Wayne Jackson** in his “Who am I?” talk in which he familiarised members with his personal history, including growing up in the Murraylands with the adage “have a go at everything as soon as possible”. Wayne has joined Rotary as he is keen to make a contribution to the organisation’s local, national and international programs. Wayne and his family are hosting Pia. Now a proprietor of the Murray Bridge engineering firm of Jackson’s Australia, Wayne had previously spent some years working in various primary production enterprises, and is a keen outdoorsman, enjoying four wheel drive travelling, camping, hiking and photography. President Sam has appointed Wayne to the RALY Committee.

Some of a recent email from **Emilie Kozera**:

“... I have a very yucky american accent back. Blugh! It makes me sick! Haha. I was only home for about a week and it was gone. Occasionally I have moments where I say some thing Aussie and all my friends let me know! It took me all the time to get most of those words properly pronounced and it was all gone in a week! Depressing. So I'm now on the downhill slope of my high school career! That is a good thing cuz I hate school but not so good because I'm not really sure what I want to do next year! All of the kids in my class are starting to get all of their acceptance letters from uni and well I haven't, because I haven't sent an application anywhere... uh oh! I have been back and forth between a gap year and going to uni in Australia and going to flight school or just mooching off my parents for the rest of my life and they all seem like really good ideas, well apart from that last one. It was quite difficult for me to go back to school where I didn't get to sleep through it. Don't get me wrong, I tried! But then one of my teachers threw a white board eraser at me and I decided that school was no longer napttime! Haha I always seem to learn the hard way. But in the end my grades were better than expected. I am taking a university English class and did very well. Maybe cuz it was the only class that I tried in. hee hee “
