## News from Brisbane Centenary

Last week's guest speaker did not go entirely to script. A chance remark led to questioning which saw the main topic of the morning go by the wayside as we gained an informed talk on the management of Post Traumatic Stress Disorder. Two good things; The talk was excellent and we still have to get that insight into the coaching of the Brisbane Lions

This week Nev Blomeley will be talking about management of sports injuries. I'm sure there will be an interesting antidote or three in this one.

Ann will be back next week so the standard will lift markedly. To make up for my shortcomings I have included a brief photo history of the year to date.

## Message from the President

Thank you to the ladies who provided a plate for Saturday night's dinner. It is a pleasure to entertain members of this club, as you all mix so well.

Congratulations to those who accepted nomination for a position on next year's board. Andrew, I am sure presidency will be even better the second time around.

This will be my last meeting for the year as Alison and I will be leaving for a cruise on the 16<sup>th</sup>. I would like to take this opportunity to thank each of you for your support throughout the year and to wish you and your families a very happy Christmas and a safe and prosperous 2009.
