

## Sun fires Rotary donation

THE Rotary Club of Parkwood has chipped in \$1000 to boost the Salvation Army's Red Shield Appeal.

The donation comes in the wake of a dismal response to the charity's annual fundraiser.

Parkwood Rotary Club past president Mark Kent said a *Sun* article outlining the poor response to the charity's annual doorknock appeal motivated the club to make a commitment to support the organisation.

"The story appeared near the end of my year as president and at that time the club unanimously agreed we would support the organisation by raising funds to the tune of \$1000," he said.

Local Salvation Army manager Captain Russell Grice said demands on the centre were enormous.
