### **TO ALL CLUB PRESIDENTS AND ROTARIANS OF DISTRICT 9640 LTD**

#### **PAKISTAN DISASTER**

Further to my email of last week relating to the above I now confirm that there has been a response from the Rotary World to this devastation. I ask that you look at the attached flyer from Disaster Aid Australia (DAA) and should your club decide on fundraising, for your convenience a donation form is incorporated within the flyer.

I have issued instructions for the sum of \$5,000 from the District Disaster Fund to be sent to DAA immediately. This sum, along with \$9,600 from the Rotary Club of Hope Island, is only the beginning for D9640 Ltd.

I would ask Clubs that intend to fund raise for this worthy cause, to make a special effort and wherever possible, create a separate method of fund raising other than that used for our Foundation events. As any reduction in our Foundation efforts detract from our normal Rotary programmes in three years time.

Donations should be sent **direct** to:

I also ask that you advise Sam Doumany (RC of Hope Island) who is a Director of DAA, of your donation, thereby enabling the District to have some idea of how much has been raised for this cause. Sam's email is [sdoumany@bigpond.net.au](mailto:sdoumany@bigpond.net.au)

I thank you all in advance for your assistance and cooperation.

Yours in Rotary Service,

John Randel
