

Guess which Rotary club *really* enjoyed last years trivia night?

They actually didn't have to take off their clothes to enjoy last years ROMAC Trivia Challenge! Even better this year, in addition to our successful format featuring 'live' musical questions, two large screens that enable you to enjoy the many amusing photos plus popular MC Lynda Woods, we've added more humorous touches to make this general knowledge trivia event even more enjoyable.

Last year 252 fun-loving, clever and caring Rotarians, partners and friends enjoyed a night out whilst raising much needed funds to enable ROMAC to continue giving dignity restoring and life changing treatments to ROMAC's often 'forgotten' children.

Don't miss out on this popular event. Invite your friends, potential new members, organise a couple of tables and prove that yours is

the smartest Rotary Club that doesn't have to take off their clothes to have a good time!

We request each club donates \$500, more if they can, plus each attendee pays \$45 for their meal. Please prepay your tickets via your designated club coordinator.

ROMAC
Rotary
Oceania Medical
Aid for
Children
A Program of the Rotary Districts
of Australia and New Zealand

ROMAC is an Australian/NZ multi-district Rotary program run by Rotarian volunteers. Compassionate surgeons donate their time and expertise. This generosity significantly increases the value of every dollar donated by caring people like you, and the money is spent in our country. If every Rotary Club donated \$1,000 (more if they can) ROMAC can continue its dignity restoring and life saving treatment to under-privileged and deserving children.

For more information please visit www.romac.org.au
