MARCH IS LITERACY/ROTARACT MONTH

Rotaract started in 1968 and has grown into a strong international service club for young men and women aged 18-30 years who have undertaken a commitment to serve their communities, be it at local and/or international levels.

Literacy—reading is a great joy to many but unfortunately there are many people around the world that cannot enjoy this pleasure. Literacy has been high on Rotary's service agenda for many years now and it should feature among projects of every Rotary club. It can be done by donating books, running literacy classes, supplying elementary school students with dictionaries, or just helping children with their schoolwork, literacy projects bring great results with very little investment or money.
