Share a joke

Paddy and Mick are 2 Irishmen working at the local saw-mill.

One day, Mick slips and his arm gets caught and severed by the big bench saw.

Paddy quickly puts the limb in a plastic bag and rushes it and Mick to the local hospital.

Next day, Paddy goes to the hospital and asks after Mick.

The nurse says, 'Oh he's out in Rehab exercising.'

Paddy couldn't believe it, but here's Mick out the back exercising his now re-attached arm.

The very next day he's back at work in the saw mill.

A couple of days go by, and then Mick slips and severs his leg on another bloody big saw thingamabob.

So Paddy puts the limb in a plastic bag and rushes it and Mick off to the hospital

Next day he calls in to see him and ask the nurse how he is.

The nurse Oh he's out in Rehab exercising.'

And sure enough, here's Mick out there doing some serious work on the treadmill.

And very soon Mick comes back to work.

But as usual, within a couple of days he has another accident and severs his head.

Wearily Paddy puts the head in a plastic bag and transport it and Mick to hospital.

Next day he goes in asks the nurse how Mick is.

The nurse breaks down and cries and says, "He's dead.

Paddy is shocked, but not surprising. "I suppose the saw finally did him in."

'No', says the nurse, 'some dopey bastard put his head in a plastic bag and he suffocated.'
