Bill's joke for this week.

A visitor to an asylum asked their guide how patients were assessed as needing to be institutionalised. The reply was that patients were shown a full bathtub and offered a spoon, a cup and a bucket. They were then asked to empty the bath.

"I get it" said the inquirer, "a normal person would use the bucket".

"No", said the guide, "a normal person will pull the plug. Now would you like a bed near the window?"
