Last week - Barry Toates - Real Tennis

Barry is the Pro at the Hobart. Real tennis lawn tennis was court in Hobart was Tennis is played in UK,

Royal (Real) Tennis Club in began some 500 years before invented in the 1870's. The opened in 1875. Today Real UK, Australia, France and USA, with

just 46 courts world wide. Balls are made of cloth and racquets are of wood (no high tech metals in this game!), with most players making their own balls – Barry brought some along for us to see – quite a skill involved.

The current world champion is a member of the Hobart club and will soon be defending his title for the 10th time.

Visitors are most welcome , and it is a game for people of all ages – some local players are in their 70s. Barry would be delighted to give anyone interested a chance to have a go – just give him a call.

Visitors last week – Frank Henderson & Cliff Grosse who belong to Lindsfarne club but are regulars at our meeting

Apologies: Terry, Jill, Libby, Polly
